## Art at Home : Grades K-2

### Challenge #1: Beautiful Oops

#### MATERIALS

- Blank Paper
- Pencil
- Other drawing materials if you have them: marker, crayon...

**INSTRUCTIONS:** Take a piece of paper and make a quick scribble on it. After you have a scribble or an “oops”, turn the paper in different directions until that scribble starts to look like something else. Once you get inspired...draw it! Does it look like an animal? A car?

**Above and Beyond:** Now that you have your drawing, how can you make it fancy shmancy? Can you decorate it with color? Add pattern or other details? Can you add information to the background (landscape, location, pattern, color?). How can you go above and beyond the “oops” and make it into something original.

## Challenge #2: Observational Drawing

### MATERIALS

- Paper
- Pencil
- Other drawing tools, such as colored markers or pastels (optional)
- Eraser (optional)

### INSTRUCTIONS

- Set your paper and art materials down in front of the item you want to draw.
- Sketch the outline of what you see on the paper. Think of simple shapes! Does that apple look like a circle? Does that flower face look like an oval with a rectangle on top? Look back and forth from the object to your paper, as you draw what you see.

**Above and Beyond:** Once you have the big picture outlines of your drawing subject on paper, you can begin to add details, patterns, and colors, background as desired. Get creative!

*Note :: Young children will usually focus on the overall shapes of the item they are drawing as well as the colors. As kids get older and gain both observational and drawing skills, they are better able to incorporate more elements into their observational drawings, including details, proportion, perspective, and shading.*

## Art at Home :Grades 3-5

### Challenge #1: Index Card Challenge

#### Materials:

- Index cards / deck of cards
- Tape (or no tape if you want to REALLY challenge yourself)

#### Instructions:

- Build a structure only using note cards. You can use tape or even MORE challenging... figure out how they want to make attachments WITHOUT tape.
- When complete, you could take a photo and send it to me at sarabussert@hpcsd.org , bring it to school when you return OR bring in a photo when you come back.

\* If you do not have a set of index cards, a deck of cards work great or you could cut rectangles that are about 3 inches by 4 inches out of construction or computer paper and use that to make your structure.

\*\* Try to create this without looking up images for inspiration. IF you are struggling to come up with how to build a structure, type into google images “index card structure” and some great examples come up!

### Challenge #3: Self Portrait

#### Materials

- Blank Paper
- Something to draw with (pencil, marker, crayon...)

#### Directions:

- Look at the directions below on how to draw a face, paying attention to proportion.
- Draw simple shapes for your eyes, nose and mouth on your paper in the correct location (example: eyes  $\frac{1}{2}$  way from the top of the head to the bottom on the chin).
- Once you have the features in place, look in a mirror and inspect/study your facial features and make changes in your drawing....don't forget your hair!
  - Are your eyes round , oval, tear drop shape?
  - Is your nose long, wide, round on the tip?
  - Is your bottom lip wider than your top lip? Does the top of your lip look like a capital letter "M" or a lower case "m"

**Above and Beyond:** Now that you have your self portrait, how can you go above and beyond? Think about light and shadow. Are there any shadows around your nose, under your eyes, around your chin and forehead? Where are there highlights?

## Challenge #4: Observational Drawing

### MATERIALS

- Paper
- Pencil
- Other drawing tools, such as colored markers or pastels (optional)
- Eraser (optional)

### INSTRUCTIONS

- Set your paper and art materials down in front of the item you want to draw.
- Sketch the outline of what you see on the paper. Think of simple shapes! Does that apple look like a circle? Does that flower face look like an oval with a rectangle on top? Look back and forth from the object to your paper, as you draw what you see.

### Above and Beyond:

- Once you have the big picture outlines of your drawing subject on paper, you can begin to add details, patterns, and colors, background as desired. Get creative!
- Choose a theme for your observational drawing: favorite things, music, food, flowers, items that make you feel at home... come up with something creative
- Show layering and perspective in your drawings ( what does it look like when an object is in front of another. When an object is further away, does it get smaller or larger visually?)
